Marketing Manager | Integrated B2B & B2C Marketing | ABM, Demand Generation & Events | UAE & GCC Markets

harun.marwaha91@gmail.com | linkedin.com/in/harunmarwaha
Dubai, UAE | Visa Status: Spouse Visa | UAE Driving License

Professional Summary

Marketing manager with 8+ years across agency and enterprise technology, promoted once at Wipro and twice at a marketing agency. At Wipro, built ABM, demand generation and global event programs with account teams across the GCC, Americas, Europe and APMEA. These programs contributed USD 100M in new qualified pipeline and supported strategic-account deal wins worth USD 700M+ in total contract value (TCV), backed by USD 1M+ in paid media. Before that, rose from Marketing Project Manager to Marketing Project Director, managing accounts worth 30% of agency revenue and leading teams of up to 10. Dubai-based and open to roles in the UAE.

Professional Experience

Marketing Manager | Wipro

Jan 2023 – May 2026

India, covering GCC, Americas, Europe and APMEA markets | Service lines: AI solutions, cybersecurity, cloud, engineering and business process services

- Joined as Campaign Specialist and promoted to Marketing Manager in May 2024.
- Contributed USD 100M in new qualified pipeline through multi-channel demand generation across paid, owned and earned channels, translating regional business priorities into targeted B2B campaigns.
- Supported strategic-account deal wins worth USD 700M+ in TCV, building ABM strategies, GTM plans and sales enablement with GCC account managers for hunting and farming accounts, aligning marketing investment with account and pipeline objectives.
- Built a pursuit marketing plan for one of the GCC's largest energy and chemicals producers, covering every online and offline touchpoint before contract renewal: regional events, customized newsletters and client experience visits.
- Delivered event logistics and promotion for Wipro at Davos, MWC Barcelona (two editions), CES, AWS re:Invent and the India AI Impact Summit. Also ran industry events, webinars and closed-door leadership panels, coordinating content and digital amplification with PR, product and sub-brand teams.
- Owned annual marketing priorities, roadmaps and governance, balancing always-on demand generation with event-led activations, and equipped regional business units with frameworks, messaging and assets.
- Led USD 1M+ in paid media, owning channel strategy, budget allocation and optimization; improved CTR by 20%, cut cost per click by 27% and reduced CPL by USD 200.
- Ran 300+ LinkedIn campaigns across banking and financial services, energy, aviation, manufacturing, healthcare, consumer and technology, segmenting by audience and sector and turning AI, cloud and cybersecurity offers into stories for director-level audiences, localized for each region.
- Used campaign, audience and engagement data to measure program effectiveness and inform investment decisions, linking marketing activity to pipeline and revenue objectives.
- Developed thought-leadership narratives and content with C-suite leaders, strengthening leadership visibility and brand credibility with target audiences.
- Led content strategy, the content calendar and editorial governance across corporate, executive and campaign communications, wrote ad and landing page copy tied to brand and performance goals, and built a global social media framework and led its rollout across geographies.
- Set up social listening and community management, tracking brand mentions, user-generated content and real-time trends for reactive content, and reported monthly, quarterly and annual results to internal leadership.
- Cut campaign launch time from four days to under 24 hours by streamlining processes, and built generative AI (Microsoft 365 Copilot) into content drafting and campaign analysis.
- Orchestrated campaigns across marketing, sales, business, creative and external agency teams with clear workflows, timelines and governance, managing creative and event agencies across geographies and marketing operations from procurement and purchase orders to compliance reviews.

Marketing Project Director | Inception Business Services *Apr 2018 – Jan 2023*

Marketing and advertising agency, India | Clients across retail, technology, manufacturing, education, legal and professional services

- Promoted twice: Marketing Project Manager (Apr 2018), Senior Marketing Project Manager (Jul 2020), Marketing Project Director (Aug 2021).
- Managed client accounts that contributed 30% of agency revenue, winning new clients with pitches, proposals and strategic recommendations, and created sales enablement collateral for UAE clients: company profiles, leadership profiles, case studies and proposals.
- Turned client briefs into campaign plans and monthly deliverables, leading and mentoring project teams of up to 10 across project management, campaign management, research and creative.
- Facilitated brand positioning, voice-and-tone, value-proposition and ICP workshops for education, fashion, footwear, legal and executive search clients, building brand guidelines, buyer personas and decision journeys.
- Delivered 7.5x ROAS on social commerce for a global footwear brand, turning USD 4K a month into USD 30K+ in monthly sales and growing conversions 3.9x year on year, supported by email, SMS and WhatsApp.
- Led the footwear brand's music festival sponsorship and on-ground activation, influencer collaborations and a post-COVID store reopening campaign across 52 cities.
- Built a partner-funded channel marketing program for a US-based cloud storage technology company with 15 partners in five countries; five completed campaigns delivered 6.7M impressions and 79 leads, improved through funnel analysis and A/B testing.
- As marketing partner to an Indian multinational conglomerate, redesigned its corporate website (content, design, SEO and CMS), produced brand films for each business and wrote GTM strategy for new B2C products.
- Launched LinkedIn campaigns for the conglomerate's new plant in Hungary and new film line in Thailand, reaching 1.47M impressions (92% organic) in the 20-week Thailand run-up.
- Drove always-on social for a global industrial manufacturer, beating engagement benchmarks by 2.4–3.9x on every channel, after running a competitive benchmarking study of 11 peers across 5 platforms for market intelligence.

Client Tech Support Senior Associate | Dell International Services *Jan 2014 – May 2016*

Product Support Engineer | HCL Technologies *Oct 2012 – Jan 2014*

Early-career technical support roles that built a strong foundation in customer engagement, problem-solving and cross-functional communication, prior to transitioning into marketing.
